

EQUI-NETTM

Knot Free, Flat Sewn, Triple Elastic Equine Hair Nets

Hair net's are usually the last thing you think about when getting ready to show. However to achieve the perfect presentation they are absolutely key. So it's important that you purchase one that is quality and will hold your hair in place for the entire event. Equi-Net's are made by the textile experts at Aburnet and feature triple elastication to hold your hair in place no matter what length or thickness.

One feature of the Equi-Net is that it is knot free. So no more uncomfortable pain on your forehead and no more having to wear the net incorrectly to avoid a headache. Instead the Equi-Net features a flat sewn join that is worn at the nape of the neck. As well as being ultra comfortable it means the comfort band at the front creates the perfect look. For those with long hair it comes with a matching hair tie, so you can tie your hair up and achieve the look you desire.

Unlike many on the market it is simple to put on and has a clear front and back. There is no need to use hair pins to hold the net in place as the elastication will do this Still unsure? Get in touch and our friendly team can assist you.

Competitively priced once you try the Equi-Net it will be the one for you. We know it can be scary changing to a new product, we have wear guides and videos to show you how to use it.
